(*c*) In Ron Taluka, the Agricultural Extension Officers, Community Development Block, Ron, treated crop with sulphur dust and advised the villagers to treat the crops in the same manner. The Gramsevaks also gave demonstration and instructions in sulphur-dusting the crop.

Due to failure of groundnut crop and other rabi and kharif crops in the above Talukas and Mahals, the following relief works have been taken up and are in progress :—

(1) Tirlapur—Byahatti road, Navalgund taluk.

(2) Constructing a silting to the main tank at Amargol, Navalgund taluk.

(3) Desilting the tank at Sankdhal, Petha Nargund

(4) Desilting the tank at Arishingodi, Petha Nargund.

(5) Improvements to the road from Nargund to Alagawadi.

(6) Construction of a road from Mundargi to Belgatti in Mundargi Petha.

The situation in the other areas is being watched and relief works to the extent necessary will be taken up.

Government Fallow Land fit for Cultivation in the State.

**Q.*—20. Sri A. J. DODDAMETI (Ron).—

Will the Government be pleased to state:—

(*a*) the total extent of Government fallow land fit for cultivation in the Mysore State (information to be furnished talukwise and districtwise);

(*b*) the action taken by them to bring under cultivation such fallow lands?

A.—Sri KADIDAL MANJAPPA (Minister for Revenue).—

(*a*) The total extent of fallow land fit for cultivation inclusive of gomal land is about 16,43,125 acres. Districtwise details are given in the appended statement. Talukwise details are not readily available and it will take considerable time to collect them

(SRI KADIDAL MANJAPPA)

(*b*) A team of special staff has been appointed in the districts of Shimoga and Chickmagalur, Mandya and Mysore, Tumkur and Chitradurga Bellary and South Kanara where large extents of land are available for cultivation.

Statement showing the total extent of Government fallow land fit for cultivation in the Mysore State. (Districtwise information including gomal).
